## REHOMING PORTUGUESE DOGS

[WWW.DOGSOFPORTUGAL.COM](http://WWW.DOGSOFPORTUGAL.COM)

### EVENTS

There is always something happening in the shelter that Dogs of Portugal supports! Cantinho da Milu is a vibrant place full of activities all directed into making the life conditions of the dogs better!

So what is happening now?

Milu is having an office house constructed – a place where we will be able to receive people, make adoptions, keep all our documentation including medical documentation of the dogs, have a computer and a printer. Professional! Moreover, there will be a small room with a kitchenette and a bathroom so the volunteers that will come from abroad for longer periods can stay there.

Anyone that would like to help in the construction of this facility is welcome to send donations with reference “escritorio” (ask us for the account number).

And what Dogs of Portugal is doing?

We are creating a pharmacy in the shelter under the direction of Marina. She is a pharmacy pro! Furniture was donated already and it is now being installed, now we only need to buy a table and boxes to separate medications. And we need medications! So if you would like to help in the acquisition of material, you can send a donation with the reference “farmacia” (ask us for the account number) or simply send medications.

Ana Teresa is making her bath place more versatile! She will also have furniture installed and the equipment organised in a more practical way. She still needs donations to buy a good shaving machine.

If you would like to help, you can send a donation with the reference “tosquiadora” (ask us for the account number) or we can tell you what machine she would like to have....

It is only because of your help that we are managing all those good things we do for the dogs!

### THE PHARMACY PROJECT

This project was developed to respond to a need of having a fully equipped and functioning pharmacy in Cantinho da Milu shelter. There is no such a place and the stock of medications is very modest, nothing that could be sufficient for a shelter of 400 dogs. We will use the room where washing machines were before – they have been moved to another place. We designed the project of how the pharmacy should look like and so far we have

cleaned the place, received the furniture (donation) and started to install it. Soon we will start to catalogue the medications according to their objective.

We would also like to have a database on every animal, its health history and the medication it is taking. Doing so we will be able to better organise the stock of medications and define our needs.

Now we would like to appeal to you for donations to accomplish the project: financial donations to

buy more equipment (table, boxes, etc.) and, the most important, medications! Email us for the list of mostly used medications, but if you have others send them also, we may be able to give it a use among the 400 dogs.

If you want to donate, there are things we always need:

- deworming tablets
- spot-on against fleas and ticks such as Advantix and Frontline and also Advocate for dogs with skin allergies
- shaving machine for dogs - our spa team could really use a good one!
- collars and leashes
- dog food
- Actidox and Becozyme for treatment of tick fever and Conofite and Oridermyl for treatment of ear infections (all can be bought at the pharmacy)

## DOP SWEDEN

Today we would like to present you DOP Sweden. If you would like to adopt a dog from us and you are in Sweden – it is easy! First, go to: [hundarfranportugal.wordpress.com](http://hundarfranportugal.wordpress.com) and choose your dog. Any doubts? We can put you in touch with people that already adopted dogs from us. If you would like to know more, send an email to the contacts you will find under “Kontakta Oss”. If you are in the south of Sweden, contact Josefin. If you are in central Sweden and Stockholm area, contact Linn.

Linn came to the shelter Cantinho da Milu and stayed a whole month working very hard every day. It is not a joke, this is hard work! But volunteers are always needed and appreciated so if you would like to know more, talk to Linn.

And the most important, you can always visit the **DOP Scandinavia facebook group**.

## ADOPTIONS THIS MONTH

In January 2012 a total of 18 animals were adopted!

The lucky ones were: Anoise (now Poppy), Bunny (now Lucas), Clio (now Tia), Dakota (now Milly), Diva, Diva, Fox (now Jasper), Gold, Kiko, Malibu, Martina (now Leica), Meow, Olívia (now Luna), Pinocchio (now Pino), Roxy, Sushi (now Tess), Tilly and Yara (now Tara).

If you have adopted a dog or a cat from us, give us news!
