REHOMING PORTUGUESE DOGS

WWW.DOGSOFPORTUGAL.COM

DOGS OF PORTUGAL NORWAY

Some of our dogs go home to Norway – this is due to the Norwegian team with Aina in the lead. If you live in Norway and would like to adopt a dog from us, contact Aina at aina.madso@gmail.com or look on Facebook for “Hunder fra Portugal”.

You can also come to the shelter to volunteer or take a dog with you on the flight if you are flying from Lisbon to Oslo.

DOP T-HIRTS!

Remember that you can acquire our tshirts, it is enough to send an email to: dogsofportugal@gmail.com
It is also a help!

Hurry up as we will soon launch a new model of tshirts and those will probably be discontinued.

If you want to donate, there are things we always need:

- deworming tablets
- spot-on against fleas and ticks such as Advantix and Frontline and also Advocate for dogs with skin allergies
- collars and leashes
- dog food
- Actidox and Becozyme for treatment of tick fever and Conofite and Oridermyl for treatment of ear infections (all can be bought at the pharmacy)

FEATURED ANIMALS:

LICAS, NATASHA AND PALOMA!

Licas is a female cross Breton Spaniel that belonged to a hunter but obviously she resulted not to hunt well and when she become 5 y.o. so she did not fulfill the purpose anymore... The owner put her on the chain and this is how she was living. A neighbour offered to buy her (he did not want the dog but he did not want to give her for free anyway) so she was sold.

Since she came to the shelter we noticed she coughed... She was diagnosed with a heart murmur and she has to take Vetmedin, Lasix and Fortekor. Any offers of this medication would be helpful!

Moreover, she has two breast tumors so she needs to be operated soon. We need sponsors for her operation – due to her heart conditions she can only be operated in a clinic that uses special anesthesia and we also need sponsors for her heart medication.

Natasha was brought to the shelter by her owner after having lived on a balcony for quite some time. She was incredibly skinny, incredible that a dog living in a home could be so starved! She is around 7, a breed of Old English Sheepdog

and very gentle. She has two breast tumors that need to be operated. We need sponsors for this operation.

Paloma is a young dog, not more than 1,5 year old. Unfortunately even at such a young age she needs surgery. She broke a head of the femur of the back leg, a similar problem that Julie had (we wrote about her in one of the previous newsletters). Paloma limps, she is in pain when she walks, so she prefers to spend her time lying down, she does not play with other dogs... The operation will cost around 200€. We need sponsors for this operation.

ADOPTIONS THIS MONTH

In March 2012 a total of 33 animals were adopted!

The lucky ones were: Alice (now Mia), Blackie, Fanny and Alexander (now Monkie and Rastafari), Pluto, Toffee, Tex (now Hertz), Maçã (now Macy), Sissi and Kalu, Hope (now Lotte), Leia, Baboo (now Sissi), Olga (now Bella), Dolly, Kelly, Mara (now Milly), Odilia, Rafinha, Grace, Princesa (now Tessa), Amber, Nanuk, Yara, Suzy, Brownny (now Mojo), Pantufas, Sammy, Dixy (now Trixy), Wendy, Julie and Coco and Chanel (now Mimi and Tita).

If you have adopted a dog or a cat from us, give us news!

ST DOMINIC'S PROJECT

Once a month we have an event with the students from St Dominic's school. They come with their teacher,

Elizabeth and with some parents to spend a few hours in the shelter. They brush the dogs, play with them, give them a walk. If you would like to participate in this project, send us an email. Even if you are a student of another school, it is possible to join.

THANK YOU!

We would like to thank the owners of Pituxa for sponsoring Shakira's breast tumors operation.

She recovered well and soon she will go to her new home! :)
